Pick up a bargain

out Salmon rods in the neighbouring canal basin, so you can see how they actually perform. And the same goes for reels, with across the range samples from all the major manufacturers for you to try. It is said that Glasgow Angling Centre has the single largest retail range of tackle and clothing in Europe. If you are a focussed angler there is a massive collection of equipment, including the very latest in accessories, clothing, a huge Fly tying department and much much more if you

are an armchair angler you can also pick up the latest **books, DVDs** and catalogues, which all give great insight into what's happening in angling today.

HARDY TACKLE

Glasgow Angling Centre is proud to be one of the largest stockists of Hardy tackle in the UK. So this is an ideal opportunity to grab a bargain and view our **Hardy fly rods, Hardy fly reels, and Hardy fly lines.** For example you may want to look at the fantastic **Hardy Demon fly reel,** which we highly recommend. Balance this with a single or double hand, **Hardy Demon Fly rod,** for excellent casting and fishing pleasure. So get yourself along to the open day and find out why we are so enthusiastic about Hardy tackle.
